ALBANY TO ACCEPT BURN BAN

With the "cease fire" order to start October 1st at Albany city dump, Albany residents will be forced to use other means for disposing of rubbish.

The order is issued by Bay Area Air Pollution District under Regulation No. 1. Albany governing officials intend to comply with the order, although reports to the contrary have been circulated.

Study proves that the cost of diking and trenching the city dump as substitution for the burning method is practically prohibitive. A $56,000 initial expense would be called for to build a dike in the tideland area, with more to follow. Annual operating costs would approach $17,000.

Albany's existing contract with Oakland Scavenger Co. provides rates for pickup garbage and rubbish have been dumped in Berkeley's City Dump. This facility has now been closed to all outsiders including Oakland Scavenger Co.

This means that the scavenger company will be operating at greater man - hour and truck mileage expense to haul out to San Leandro.

Under the garbage - rubbish contract with Albany the rubbish rate was $10 per load or $4.50 per hour, whichever amount was less.

Albany City Council is negotiating with Oakland Scavenger Co. to establish a new contract for the entire rubbish removal now necessary.

Back yard burning is regulated by Albany Fire Department as follows:

Free permits are issued by the fire department good for one year. Excepting Mondays burning is allowed in incinerators with spark resistor screens from 7 a.m. to 3 p.m. subject to weather conditions. The permit carries detailed information on burning methods.

CITY DUMP ORDERED CLOSED OCTOBER 1

The Albany City Council finally disposed of the Albany City dump at its meeting Monday night, but the members admitted they still were unable to announce an acceptable plan for the disposal of non-garbage rubbish.

Present at the meeting was Attorney Edward H. Moore, representing the Oakland Scavenger Company which presently has a contract with the City of Albany for the collection of garbage and rubbish who outlined the company's policies and offered its aid in overcoming the many difficulties which face the city with the ban on burning at the dump becoming effective on Oct. 1.

The members of the council were somewhat disturbed over various rumors to the effect the city intended to fight the order of the Smog Commission against open dump burning, effective Oct. 1. They said they had written the commission asking further time to solve the local problem, but had so far received no reply to that request. They said they felt the order for cancellation of the city's contract with William Kenney as of Oct. 1 was sufficient answer to the reported rumors that Albany would refuse to comply with the order. Kenney has operated the dump under contract with the city and has gained his financial returns from salvaged metals and other material. The ban on burning eliminates this type of salvage.

The scavenger company attorney in his half-hour talk stated that householders could use two, 30-gallon containers for weekly pickup, one for garbage and one for rubbish at a monthly rate for the two of $1.60. The regular rate for garbage alone would be set at $1.35 for a 30-gallon container or a cubic yard.

The move to cancel the present contract with the dump operator passed by the margin of only one vote, Councilman Donohue and Mayor Howell voting "No", on the ground they did not believe that all possible alternatives had as yet been examined.

Among other matters taken up by the council were:

A request by John Pleich, head of Albany's United Crusade campaign, that the city permit volunteer payroll deductions for city employees, when approved by the individuals, was approved.

Approved Resolution No. 57-111 appointing Mrs. Annabelle Joy as school crossing guard for a period of three months, ending Dec. 20.

Accepted the report of City Attorney Foley on the proposed change in rear yard, side yard and setback requirements on the property of the Gracemont Baptist Church, and ordered a public hearing for Sept. 30. The report stated the proposed changes meet all the requirements of state law.

On the proposed change in setback requirements on 1540 Washington Avenue, the City Attorney's report was favorable and a public hearing set for Sept. 30.

It was announced the council would not meet next Monday night as members of the council and most of the city officials would be attending the annual meeting of the League of California Cities in San Francisco the first few days of the week. Should any important problems arise requiring immediate action the mayor agreed to call a special meeting during the latter part of the week.

Bethel 265, International Order of Job's Daughters, Albany, will hold initiation ceremony for the White Shrine, Monday, Sept. 23, at 8 p.m. at the Albany Masonic Temple, 533 San Pablo Ave., Albany. Donna Pavoni, honored queen.

Hollywood Stunt Man Doing Paint Job In Albany

Triple threat man Buddy McCrae is working in Albany at one of his trades, painting the exterior of Casa del Rancho on San Pablo to represent an Old Mexico Cafe. On the front are cacti, paintings depicting worn places where the brick shows through, and along the side of the parking lot there will be a balcony scene.

In addition to art work McCrae is a stunt man in Hollywood movies. His third hobby is falconry. His pet falcon will be seen in the picture "The Conqueror." He hunts with the bird in California and the southwest.

A rover at heart McCrae occasionally gets fed up with the pace of modern life in Hollywood and takes off for six weeks in the desert, camping and enjoying nature's solitude.

He has no plans for his next project after completion of the painting of Casa del Rancho. As a footloose bachelor he probably will follow the impulse of the moment.

He sails on a friend's schooner out of Newport Beach in Southern California so it's a tossup whether his next venture will be on land or the high seas.

Auxiliary to Honor Past Presidents

Past presidents will be honored guests at a meeting of the Albany Unit No. 292 of the American Legion Auxiliary. The unit will be celebrating its 30th anniversary on Sept. 23, starting at 8:15 p.m.

Thirty-year "Guards" will be presented to six past presidents, Mrs. Marie Danielson, Mrs. Rilla Moore, Mrs. Marjorie Kane, Mrs. Elnamae Olson, Mrs. Martha Schiller, Mrs. Mildred Schutter, Mrs. Katherine Etingoff, Mrs. Myrtle McLean, Mrs. Mildred Hawkins, Mrs. Dorothy Walter and Mrs. Marie Walter.

Zeta Tau Alpha To Meet Sept. 24

Mrs. Merritt Mason of Oakland will preside at the Sept. 24 meeting of Zeta Tau Alpha Berkeley Area Alumnae to be held at the home of Mrs. Herbert Foster, Jr., in Berkeley.

Mrs. MacGregor Boggs of Piedmont will lead a discussion on plans for the group's annual Christmas project. Plans include the packaging of gift boxes to be presented to elderly people who are under the care of the Alameda County Welfare Commission.

SPEAKING of CARDS

OUR NO. 1 SPORT

The next time you sit down at a card table with friends for a pleasant game of Canasta, Bridge, Gin Rummy or Poker, you'll have a lot of company. For no matter which one of the hundreds of card games you play, you're enjoying the most popular sport in America—card playing!

That's the claim made by the Association of American Playing Card Manufacturers after many hours of computation with slide rule and comptometer. The Association estimates conservatively that at least one billion two hundred million (1,200,000,000) hours are devoted yearly to card playing in the United States.

Here's how it arrived at this staggering total.

The Association says that each year since World II at least 60 million packs of cards have been sold in this country. It is estimated that an average of four people use a deck and the life of the average deck is conservatively placed at five hours of solid play.

So, by this reasoning, sixty million packs times four players per pack times five consecutive hours of play comes out to 1,200,000,000 hours—which the Association believes is a greater number of hours than are given to any other sport or game.

To offset any criticism of "padding the figures," the card manufacturers point out that these figures are all minimum, since more than 60 million packs are sold annually and decks are frequently used for more than five hours of play. They add that many card games, such as Poker, Hearts, some forms of Rummy, and Michigan are usually played by five or more people at a time.

The estimate that decks are frequently used for more than five hours of solid play seems far too conservative. Most households have at least one deck that's seen at least ten years or more of service. Just take a close look at that dog-eared pack in your desk drawer and you'll agree.

NOW
look how far you can dial from Bay Area cities
North to Eureka...
South to San Luis Obispo

NEW, EXPANDED DIALING FROM THESE CITIES

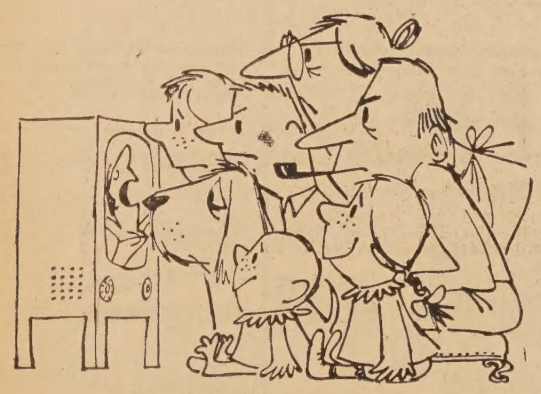

Alameda	Hayward
Albany	Oakland
Berkeley	Piedmont
El Cerrito	Richmond
Emeryville	San Leandro
San Pablo	

Now, if you have one- or two-party telephone service, you can dial *direct* from any city in the box above to more than 80 communities in the area shown on the map. With this *expanded* Direct Distance Dialing, places as far north as Eureka, as far south as San Luis Obispo, are right at your fingertips.

You dial these out-of-town numbers the same easy way you dial a local call. Just remember that the first two letters and the numeral of the prefix determine where your call goes. So be sure you have the right number and then dial carefully.

We've mailed you a leaflet with full facts about your expanded Direct Distance Dialing. It includes a list of the cities you can dial yourself, explains where to get out-of-town numbers, tells you what to do if you reach a wrong number. Keep it handy near your phone so you can refer to it when you dial. If you need more copies, they're available at your telephone business office.

What'll it be tonight... boxing, drama or "Hi-Yo, Silver"

If your house is like most, you can't please all the family all the time with one TV set. It always seems that a "Western" gallops into your living room just when the fights go on... or mother's favorite drama is scheduled.

You can cut this problem in half with a second set. You'll be surprised at the low price of those new portable sets. A second TV in your home would create a sensation with the kids and let you watch what you please... in peace.

Here, take a poll of your family's TV tastes
(if you can't get together, a second set is the answer)

TIMES CLASSIFIED PAYS DIVIDENDS

Local Landmark Gone From View

Historic Rancho San Pablo is gone, bull-dozed into yesterday. The land where it stood a few yards north of the Albany-El Cerrito line on San Pablo Ave. was part of a 19,000 land grant made to Don Francisco Castro in 1823 by the governor of Mexico.

To make way for a shopping center restaurateur Benito Hernandez moved the Casa del Rancho cafe he'd operated for 12 years on Don Castro's original home site, into larger quarters. Don Benito with his lovely senora Consuelo relocated their Mexican restaurant at 917 San Pablo, Albany, in more spacious rooms.

In costumes of an early California Don and his lady, Benito and Consuelo could step into a Hollywood studio to play the roles depicting a historical movie of California.

Gunmen Hold Up Solano Market

With a knife pointed at one side and a 45-caliber pistol on the other Donald L. Howell, assistant manager of Park and Shop Market and the son of Albany Mayor Lewis M. Howell, was robbed of the store's weekend receipts totalling more than $10,000.

Five gunmen suspected of being the robbers in a recent Davis supermarket robbery tied and gagged young Howell, clerk Richard K. Gakosh, 19, 938 Ramona, and Robert G. Jones, 17, 408 Berkeley Park Blvd., Berkeley.

Drunken Driving Law Makes Fine, Jail Mandatory

The long - waited stronger deterrent to the lethal combination of drinking and driving is embodied in the new provisions of the drunk driving laws, effective as of Sept. 11, says the California State Automobile Association.

The provisions call for a minimum mandatory five-day jail term and a fine of not less than $250 without chance to probation or suspension of sentence upon a second or subsequent conviction of the misdemeanor offense of operating a motor vehicle while under the influence of intoxicating liquor.

These new provisions not only make a jail sentence mandatory, but also require, in addition, a fine of from $250 to $1000. Under the terms of the old law, both jail terms and fines could be suspended by the judge.

"The law also changed the former penalties for felony drunk driving, in which bodily injury accurred. Penalties for conviction of this offense are imprisonment in the state prison for not less than one year nor more than five years or in the county jail for not less than 90 days nor more than one year and by a fine of not less than $250 nor more than $5000," says the AAA motorists' organization.

Another strengthening of the laws covering felony drunken driving is accomplished by a new provision approaching the problem through the driver's license. A license evidences a person's privilege to operate a motor vehicle upon the highways; its removal, therefore, is a serious loss to an individual. This new provision provides for the permanent revocation of the driver's license of any person who has been convicted a second time within a period of three years of having violated the felony drunk law, Section 501 of the Vehicle Code.

We're Celebrating...
A HALF-CENTURY OF SERVICE
AND WE WANT YOU TO JOIN IN . . . !

BIG CONTEST!
$600 IN PRIZES!
CAN YOU GUESS—HOW LONG WILL THE GIANT 5-FT. CANDLE BURN?
On October 14, at approximately 12 noon the anniversary candles standing in each office of Mechanics Bank will be lighted, and no one — not even the manufacturer — knows how long they will burn. YOUR GUESS can win a prize — $50 in CASH. AND, if you're a Savings Account customer at any office of Mechanics, your prize will be doubled to $100.00.
ENTER NOW. You're invited to visit any office of Mechanics Bank and submit your entry in the candle guessing contest. Entries will be closed at 3 p.m. on October 14, so don't delay — come down to Mechanics now.
DOUBLE YOUR PRIZE. Remember, winners who are Savings Account customers get a DOUBLE prize of $100. When you come in to make your guess on the giant candle, ask one of our staff about opening a Savings Account . . . Your savings will earn interest from October 1.
CONTEST RULES
1. Candles will be lighted at 12:00 noon on Monday, October 14, and will burn day and night until they burn out.
2. Whether you are a customer or not, you are invited to visit an office of Mechanics Bank and fill out an entry blank with your estimate of how long the candle will burn.
3. Your estimate must be printed and signed on an official entry blank and placed in the box any time between now and 3:00 p.m. October 14. Only one entry per person will be allowed — persons making more than one entry will be automatically disqualified.
4. When all six candles have burned out, a prize of $50 in cash will be awarded to the contestant making the closest guess at each office of the Mechanics Bank. The prize will be doubled if the winner has a savings account at any Mechanics Bank office before the first candle goes out.
5. Winners will be notified. In case of a tie, duplicate prizes will be awarded, and the decisions of the judges will be final. Names of winners will be available on request.
6. Anyone is eligible, except directors, officers, and employees, and their families, of the Mechanics Bank and other companies or individuals connected with the preparation of contest material.
